Built for use as a chase boat, this 2008 RIBCRAFT 5.85 is ideally suited for first responders or yacht clubs. Featuring a center console with windshield and leaning post, an aluminum antenna arch, aft tow post and heavy duty reinforcing above and below the rubstrake, this boat is well equipped for any marine professional. Powered by a fuel injected 90HP Honda four stroke engine with low hours, this boat was lightly used and well maintained. Representing a great value, it is turn key ready for any business.
